#### A strange story

When I was seven years old, my family left the big city and moved to the countryside. I was very excited because our new house was near a beautiful forest.

One day, I decided to go for a walk in the forest but I lost my way. I tried to get back but I just went deeper into the forest. I looked around me and started calling for help, but no one heard me. I was confused and scared because it was almost dark, I sat under a tree and began to cry.

Suddenly, I heard someone coming. It was a boy my age. «Hi», he said. «I'm Philip. What's the matter? ». I told Philip that I was lost. «Don't worry», Philip said. I live near here. I know the forest well». We walked and talked until we were out of the forest. Philip said goodbye and left before I could thank him.

When I got home my mum was talking to a policeman. They were both very upset. «Oh, Tom, thank goodness you're OK! » my mum said when she saw me. «I lost my way in the forest, Mum, but I'm fine now. I'm so sorry, » I said. «You were lucky, young man, » the policeman said. «Never play alone in that same forest and never come back. »

I did not say a word. I wanted to tell them about the boy who helped me but I was afraid they wouldn't believe me. Did a ghost help me? I couldn't sleep that night, or the next. I never saw Philip again and I never went back to the forest!

2. **Topic Advantages and disadvantages of living in private house. (примерный ответ учащегося)**

*Living in detached house has disadvantages and advantages. In my opinion the most important advantage is independence. When you live in detached house you don't need to worry about what your neighbours will tell when you throw a party with loud music. On the other hand this independence can be disadvantage. When*

*you leave for holiday, nobody takes care about your house. You can easily be robbed, because everyone can see that there is nobody at home.*

*Second advantage is a lot of place to live. In detached house usually you have more space than in block of flats. You have your own garden, you always have place to park your car, but you have to do everything yourself. You have to mow the lawn, to undercut trees, to fix everything in your home by your own. Of course you can hire someone who does these things but for some people it is serious disadvantage.*

*However, in detached house you can feel like in your own castle. Nobody disturbs you, but also nobody helps you too. Your house usually is in the suburb. There is cleaner air and prettier environment than in the centre of cities where usually blocks of flats are built. In suburb, you need to have your own car, because usually there is no bus stop and you have to walk for a few kilometres to the nearest one.*

*I don't live in detached house but I think it a good place to live and to my mind living there have more followers than opponents.*
